SIDING REGULATIONS
CALL THE BLDG. DEPT. AT 847-546-0963 FOR INSPECTIONS

Building permits expire one year from the date on the permit. However, if work has not started within six months of the date of the permit, the building permit is void.

No change to the approved plans is authorized without prior written approval by the code official and only the construction indicated on the attached plans is authorized by the issuance of this permit.

Permit application checklist:

Submit to the Round Lake Building Department for review:

- Building permit application.
- Contractor's certificate of liability insurance.
- Provide one copy of work proposal.
- Homeowner's Association approval letter if applicable.

Conditions of permit:

1. Per Village Code: Table R703.4 Vinyl siding shall not be less than .044 inches in thickness.
2. All openings are to be properly flashed to shed water away from building envelope.

Required Inspections:

1. Final inspection.

It is the contractor's and ultimately the owner's responsibility to know the village code provisions. The owner or his agent is responsible for constructing all permitted work in compliance with village codes. Failure to identify any aspect of the proposed design not in compliance with the village code during plan review does not relieve the owner of the obligation to achieve full village code compliance. The Code Official cannot list all code sections on the drawings or documents.
